CBS NETCAST

CBS Netcasting is a way to receive audio files over the Internet, using the RSS 2.0 file format, at no cost. You can listen to these files on your computer or download them on to your MP3 player and take them with you.

Check out our CBS News Netcasts. [CBSNEWSNETCAST](#)

GET IT TO GO

All you need to get started is a Podcasting application. Once you download and install it, simply click on the RSS (really simple syndication) icon for the feed you want, then copy the URL from the address bar of your browser and paste it into your Podcasting application. The software will automatically check for updates and download the files to your computer so you can load them onto your MP3 player.
